Beyond the Classroom Learning

Zoom Instructions

ZOOM VIDEO INSTRUCTIONS

PWS teachers are using online platform called **Zoom** for presenting online lessons. While most of the lesson material for students will be provided on the Veracross portal, some live classes will be offered. Students who are unable to join the live lesson will have an opportunity to view it after the fact with a provided link.

Zoom is a live, interactive video conferencing platform that will allow our teachers to deliver their content to students who all join the meeting.

Below are instructions to you for configuring **Zoom** on your computer, laptop, phone, or tablet.

Students will be asked to join various Zoom 'meetings' live at their scheduled time, which will be listed in your Veracross portal. For example, there might be a 4th grade Main Lesson Meeting scheduled for 10am Tuesday, and a 4th grade Spanish class Tuesday at 1pm.

Each meeting will have a unique link and Meeting ID# that you will need to use to join. (For example, Monday's main lesson link will not work for Tuesday's Main lesson link.)

You do not need to create a Zoom account to attend these meetings.

JOINING ON A COMPUTER

web page, or you can visit <https://join.zoom.us> and manually

Click **Join**.

If this is your first time joining from Google Chrome, you will be asked to open the Zoom client to join the meeting.

You can check **Always open these types of links in the associated app** to skip this step in the future.

Click **Open Zoom Meetings** (PC) or **Open zoom.us** (Mac).

You may be then prompted to run the Zoom installer (*Zoomuslauncher.zip or .exe for PC and zoom.pkg for Mac*). These files will go to your downloads folder. Double click them to install the Zoom app.

You will only need to install this on your first visit.

Once this is complete you will be able to join the meeting.

Select "Join with computer audio." You'll also have an option to join with video if your computer has a video camera
